

Junior: Students encouraged to study math and read every day during summer

Continued from page 2D

even completed the entire ST Math program!

We hope everyone has a safe and relaxing summer. It is an important time for students to continue to read and study math facts daily. Numerous studies indicate that students who do read and study facts daily will see their reading and math abilities improve. On the other hand, students that do not read and study facts daily will see their reading and math abilities stagnate or decline. Both ST Math and i-Ready will be available for Cubs to work on during the summer! See you next year!

Fourth grade

We cannot believe that our year is coming to an end! Our fourth graders have had a wonderful time learning about the history of our great state and couldn't wait for our field trip to St. Augustine on May 15. In reading, our students have been putting all that they have learned into project form. We have been taking our reading standards and applying them in creative ways through poetry, dioramas, and through analyzing of historical documents.

We finished up the year learning about angles in math. Students worked with a protractor to measure and sketch angles of specified measure. Also, we recognized angles can be decomposed into non-overlapping parts and

the angle measure of the whole is the sum of the angle measures of the parts. Lastly, students solved addition and subtraction problems to find unknown angles on a diagram in real world problems. It has been a fantastic, fourth grade year!

Fifth grade

Fifth grade students worked very hard and successfully finished the FSA testing. Students will be going to tour Piedmont Lakes Middle School in preparation for next year. Teachers and students are all looking forward to celebrating the end of another wonderful school year.

We have been very busy at Dream Lake Elementary School as we prepare to wrap up another fantastic school year!

Our kindergarten scholars attended a field trip to the Central Florida Zoo while our first grade students were able to attend a showing of "Alexander and the Terrible, No Good, Very Bad Day" at the Shake-

speare Theatre in Orlando. Our second grade students completed their ocean/sea life unit with a visit to Sea-World!

Our third, fourth and fifth grade students have been very busy this past month completing the FSA testing. Select students from these grades competed in the Battle of the Books, which is a competition with other schools where students must answer questions on books that have been awarded the Sunshine State Young Readers Award. DLES placed third in the area north learning community. We also inducted many new members into our National Elementary Honor Society chapter in early April.

Our Melody Makers were busy in April performing at both the Apopka Art and Jazz Festival and Apopka Art and Foliage Festival. We also had student art work on display at each of these community events.

Many of our scholars competed in Science Olympiad at Lake Nona High School, and we are excited to celebrate Victoria McCloskey for winning second place at the 2018 OCPS STEM fair in the physical science category!

District-wide Imagine Language and Literacy

We congratulate our very own Dr. Hogan, DLE kindergarten teacher, and his class, who won an egift

card for the North region.

This school year, Imagine Language and Literacy challenged students, classrooms, and schools to maximize their literacy practice and reading comprehension in the district-wide Orange County School District Imagine Your Future contest.

The top Imagine Language and Literacy School that embodied the Imagine Learning spirit and took their school to the top of the district is Ocoee Middle School. This school will receive a \$100 school supplies gift card and an exclusive Imagine Your Future certificate.

The Imagine Your Future Classroom Award goes to the top classroom that had the highest average minutes per student in their region.

The classrooms below have their choice of either a Pizza Hut, Papa John's, or Domino's \$50 e-gift card award to celebrate their teamwork in style. Please email Alejandro Rovira (alejandro.rovira@imaginelearning.com) with your preference of pizza egift card (Pizza Hut, Papa Johns, or Dominos). As soon as he knows your preference and your email, we will send the pizza egift card.

*North: Hogan class of Dream Lake Elementary School

*Southeast: Carpenter class of McCoy Elementary School

Many of our scholars competed in Science Olympiad at Lake Nona High School, and we are excited to celebrate Victoria McCloskey for winning second place at the 2018 OCPS STEM fair in the physical science category!

*Southwest: Albright class of West Creek Elementary School

*East: Manzo class of Aloma Elementary School

*West: Carney class of Ocoee Middle School

And Dream Lake Elementary School celebrates its music teacher Alex Mirocha. Ms. Mirocha has been nominated to join the FMEA Emerging Leaders program, an FMEA initiative for outstanding music educators who demonstrate exemplary teaching, as well as the potential and propensity for professional leader-

ship.

Inspired leadership is critical to the future of music education in our state and beyond. FMEA Emerging Leaders will make a difference now and for years and thousands of students to come.

We are looking forward to our upcoming End of the Year Awards.

Ceremonies for all our DLE scholars will take place in the coming weeks.

Please follow us on Facebook at Dream Lake - OCPS and Twitter @ DreamLakeApopka
